

NM Engineering has been providing services to PPE Supply Inc. since 2020.

NM Engineering has delivered high-quality work on several projects for us including inspection, design, fabrication and installing surgical mask-making machines. They consistently deliver excellent work in a very responsive and cost-effective way and continue to provide good customer service. We are pleased to be partnering with a talented company in the design, fabrication, and engineering industry.

A handwritten signature in black ink, appearing to read 'Shervin Rowshani', is centered on the page.
